

Event – Pulse

A product of PentaTech Axis

Have you ever faced the challenge of organising a party for your close friends, where only your invited guests can attend? Or running a school department election, where only your members can vote?

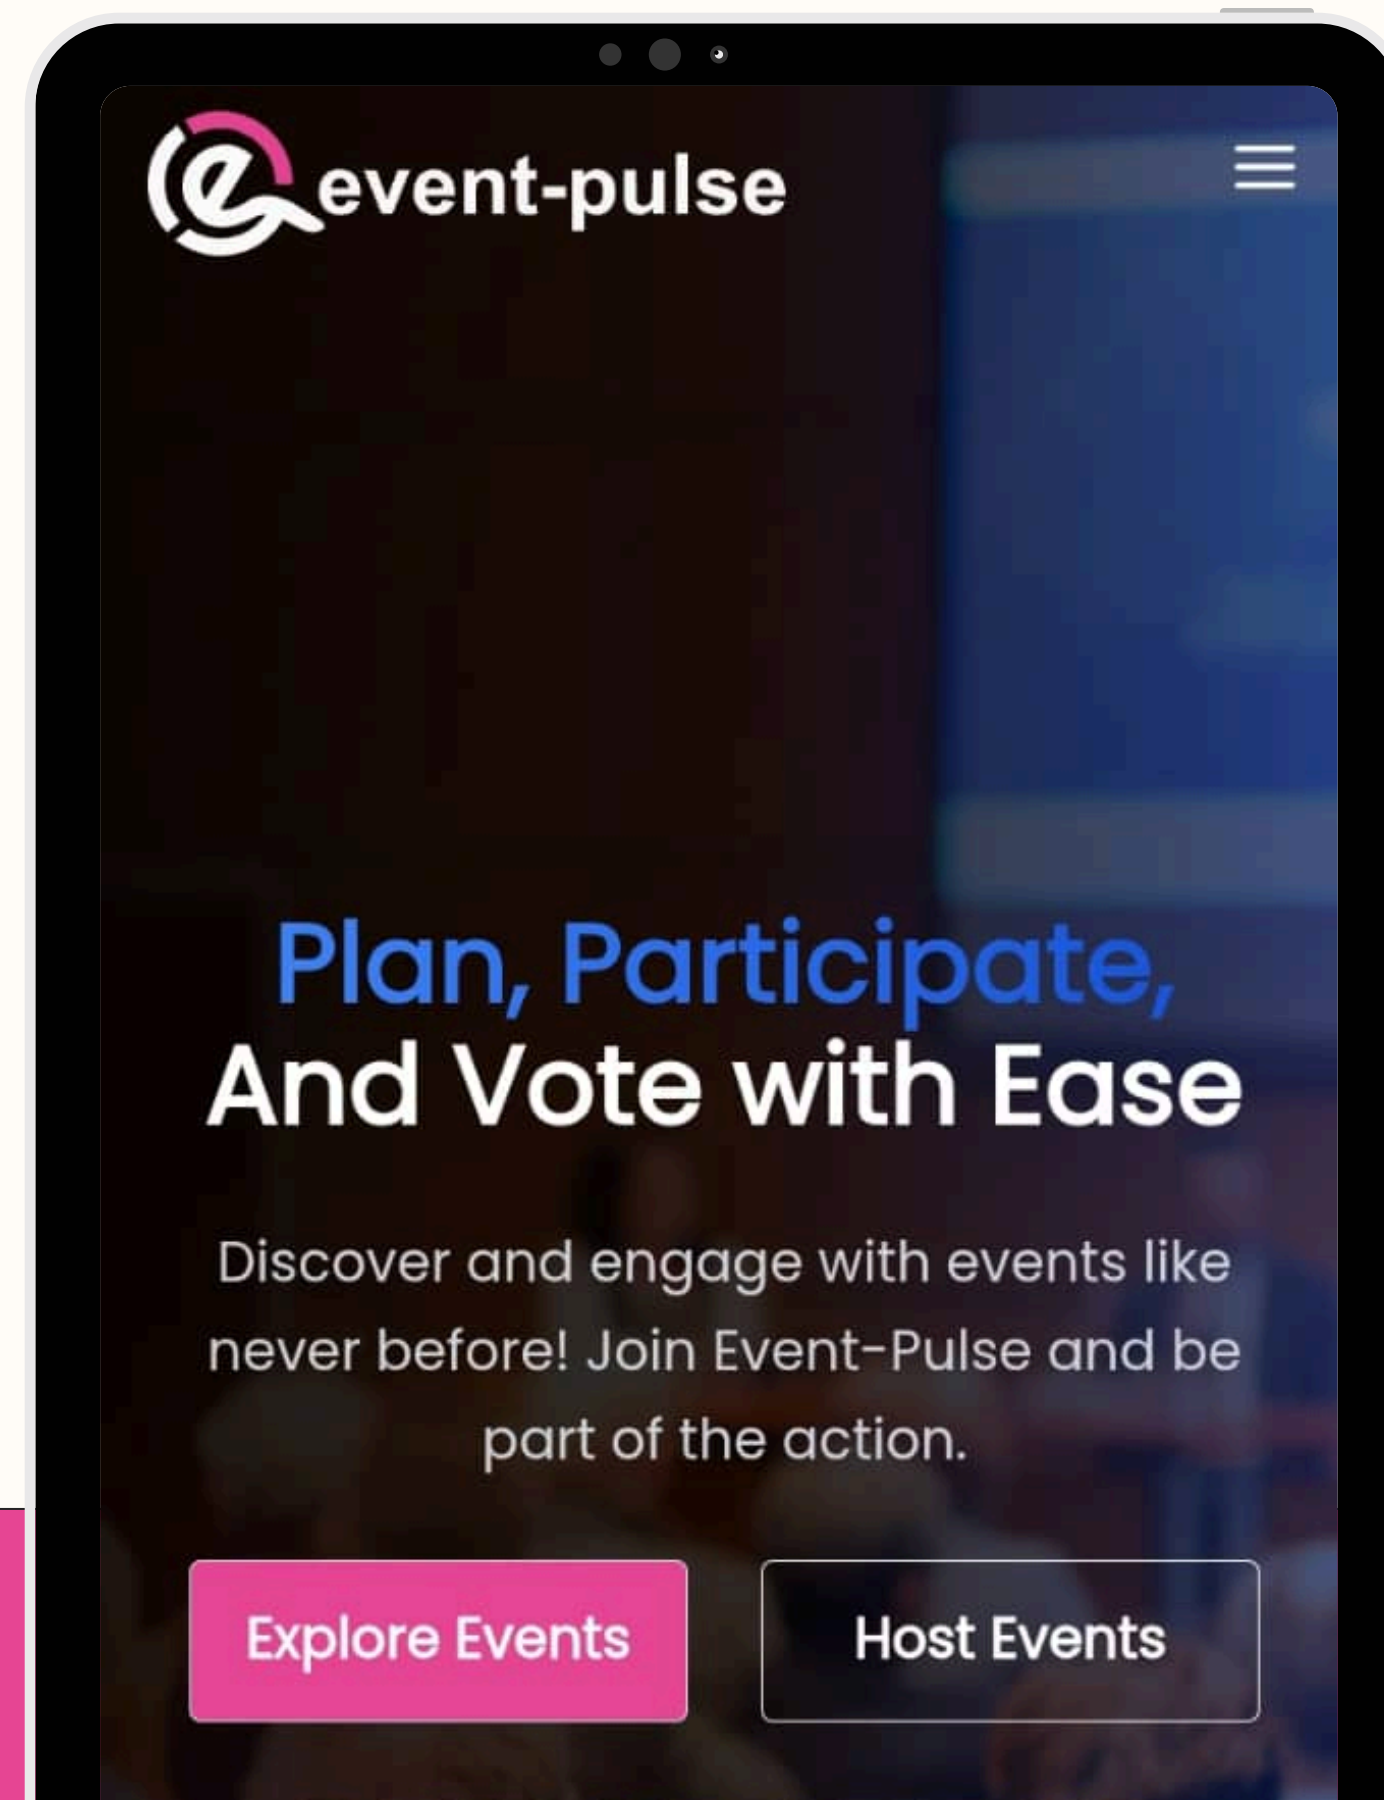

Are you organizing a public event, party, awards show, or election and need a smarter way to manage tickets, voting, and participation?

www.event-pulse.com

2-in-1 Platform

- **Summary** A Platform that makes hosting events & elections seamless

Product Overview

Purpose of Event-Pulse

Event-Pulse is a web-based platform designed to streamline the way events and elections are organized, managed, and experienced.

Event-Pulse offers a secure, efficient, and engaging environment for both organizers and participants.

Target Users

Event-Pulse is built for a wide range of users who need reliable, secure, and efficient tools to manage events or conduct digital voting.

● Event Organisers

● Educational Institutions

● Corporate Teams

● Community Groups

● Student Unions

● Non Profit Organisations

Made to suit anyone and everyone.

Why Choose Event-Pulse Over Traditional Methods?

- ✓ **Instant Digital Delivery:** Say goodbye to printing, Event-Pulse delivers tickets to attendees via SMS and email for fast, seamless, and paperless access.
- ✓ **More Secure:** Unique, trackable tickets and verified digital votes prevent fraud.
- ✓ **Real-Time Insights:** Track sales, check-ins, and live voting results instantly.
- ✓ **Transparency & Control:** Full audit trails ensure accountability for every ticket and vote.
- ✓ **Faster Payments:** Accept mobile money or card payments directly and securely.
- ✓ **Eco-Friendly & Accessible:** Go paperless and reach participants anywhere, even without smartphones.

Value Proposition

✓ Secure Elections and Ticketing

Host elections and manage event ticketing with built-in verification to ensure trust and transparency from start to finish.

✓ External Nominations

Individuals submit their nominations online from anywhere, while organizers retain full control to approve or decline each request, thus ensuring a flexible yet secure nomination process.

✓ 2-in-1 Ticketing & Elections Platform

Host both private events and open public gatherings with customizable privacy and access controls.

✓ USSD Support for offline Elections and Ticketing.

Enable participants without internet access to vote or register via USSD using ***920*566#**, ensuring inclusivity and wider reach.

✓ Real Time Analytics

Monitor votes, ticket sales, and participant activity live with instant data insights and visual dashboards.

✓ Inbuilt Ticket Scanner

Seamlessly verify attendee tickets on-site using our fast, integrated QR code scanner.

✓ Collaborative Organising

Plan and manage events with your team in real-time using shared access and coordinated tools.

●
Total control, effortless setup
